

REACH Compliance Statement

The European Union's REACH Directive (EC 1907/2006) is the Regulation for:

Registration, Evaluation, Authorisation and Restriction of CHemicals

It entered into force on 1st June 2007 to streamline and improve the former legislative framework on chemicals of the European Union (EU). REACH places greater responsibility on industry to manage the risks that chemicals may pose to the health and the environment.

The aims of REACH are to:

Improve the protection of human health and the environment from the risks that can be posed by chemicals

Enhance the competitiveness of the EU chemicals industry, a key sector for the economy of the EU

Promote alternative methods for the assessment of hazards of substances

Ensure the free circulation of substances on the internal market of the European Union

Polyrise SAS certify that their entire range of varnish and coatings, and their packaging, do not contain any of the latest candidate list of 205 SVHCs (Substances of Very High Concern), last updated on 16th January 2020, in concentrations above 0.1%.

The complete list of SVHCs can be found at:- <http://echa.europa.eu/web/guest/candidate-list-table>
